Student Senate Expands School Spirit

Student Body President
Toby Burleson

The past year has been a truly rewarding experience for me. You, the student body, have given me the opportunity and responsibility of representing you — for that I cannot thank you enough. The past year has been a successful one, the reasons I feel are simple: I had the rare opportunity to work with an excellent student council, a cooperative faculty and administration, and most of all an involved student body. Thank you for a wonderful year.

1980-81 GIT Program

A pilot program for gifted and talented student was inaugrated at D.H.S. this year. The group consisted of 13 students in grades 9-12. They named themselves "Phoenix." These students attended a series of college level mini courses held monthly i Amarillo. Each student chose the subject in which he was most interested. Seminar topics included law, medicine, earth sciences, journalism, computer technology, and several others. In addition to the monthly seminars, Trent Armstrong was selected to travel with a group of 36 Panhandl area students to tour the Los Alomos New Mexico Scientific Research Center. The Phoenix group also initiated a discussion program of some of the Great Books, including such authors as Plato Aristotle, Shakespeare, and others.

The 1980-81 Dimmitt Bobbies continued the winning tradition. They finished the season with a record of 21-10. Their season was marked by misfortune when Beth Benton had to have knee surgery even before the district play began, but as is the way of a winner, the Bobbies came back to give some thrilling finishes to several ballgames. Among them was in the second half of district play when they beat Muleshoe by two points with 4 overtimes. They went on to Bi-District against Spearman, when Becky Andrews got a rebound in the last seconds of the game and we won 39-37. The Bobbies lost in the first round of Regional play to Coahoma 45-46. This marks the 6th year in a row that the Bobbies have won district, and the 5th year in a row they have gone to regional. Named to the All District team were: Becky Andrews, Sonya Andrews, Jackie Anthony, and Chris Salinas. Cindy Sageser got honorable mention.

reedom Restored to 52 American Hostages aken in Iran

This page appears in this book to note the release of the American hostages taken by violence at the American embassy in Tehran, Iran in November of '79.

After 444 days of captivity, the hostages were released in January of 1981.

This page symbolizes that we must fight to protect our most important right: freedom.

My name is Catherine Mongeau. I am from Quebec, Canada. My own town is Beloeil, the population is about 23 thousand people. I come from a big family which includes 3 brothers and 1 sister. My dad teaches psychology in the University of Montreal and my mother sells real estate. To have been a foreign exchange student in your school was really exciting to me. My first months were hard because I couldn't speak English. I felt lost because everything was different and new for me. But now at the end of my A.F.S. year I know that this experience was very enriching for me. My family here was Doug and Cheryle Pubus. I had a little sister named Carla. They all were very good for me. They treated me just like their real daughter and that had helped me a lot. I could not ask for a better family. I would like to thank everyone for being my friend. You have been very friendly with me. You really have made my stay in Dimmitt, Texas rewarding.

Au revoir . . .
(good-bye)

AFS Students

My name is Maja Martinec. I came from Croatie Yugoslavia. My home town is Zagreb, the capital c Croatia. The population of Zagreb is about one mi lion people. I have two brothers and one siste They are married. My father is a shoemaker an my mother is a homemaker. I am staying with Jim Ellen, and Debbie Hrabal. Debbie is a senior, too We are getting along very well and I love them ver much. I am enjoying staying in Dimmitt and enjoy ing my senior year in D.H.S. Being an AFS studer is a great experience. I have gotten to know man people, different customs, many good friends wh helped me much, especially in the first month when it was hard and unknown. I also have gotte to know better myself. After living with the Hrabal a whole year and growing to love them as my ow family, it will be hard to leave them after gradua tion. I am richer for a great experience and the re ationships which will never break. I want to thar each of you who have been a good friend durin my AFS year in your town.

We can't take credit for it. That's just the way it happens to be. Natural gas is clean burning. Doesn't dirty the air. It helps preserve the clean, blue skies of today for tomorrow.

What we can take credit for is working to provide a continuous supply of clean gas energy . . . to warm people, to cool people, to cook their meals, to heat their water, to dry their clothes . . . gas to help industry do its work.

Clean, efficient, versatile Natural Gas . . . the blue sky energy for today and tomorrow.

Man cannot discover new oceans unless he has courage to lose sight of the shore ...

André Gide

ust begin this "intellectual" prose by thanking people. First and foremost, Mrs. Ryan; my advisor, the understanding and sound advice during the course of my three years on annual staff. Also, I like to thank the Castro County News and M. L. Simpson for their never-ending supply of pictures. s also goes to the Bill Clarks and the V. C. Hopsons for the use of their homes for our favorite pic-

pe that our annual helps to store memories of this year (soon to be the past) for you. I am very ed with the results and hard work of the staff. Each of them poured many hours, sweat, and tears ese pages.

l, since this is my last year, I must try to make your eyes mist . . .

sh each of you luck in your life. I will be approaching my new ocean soon, as you will. As you cross ugh waters please have self respect and keep peace and remember to be your own person. I will s cherish my "school day" memories and the friendship of many of you.

again,

ve, learn, and love in peace.
